Cita Lieta cosmetics offers ALL – NEW! cosmetic line with CANNABIS.

This year 2020 will continue 2019 trend:
From farm to face.

It means that 2020 is all about plant –
based ingredients.

WHY CANNABIS?

Cannabis Sative Seed Oil contains one of the most impressive ratios of omega-3 and omega-6 available. It has higher concentration than olive, avocado and coconut oil.

With a high concentration of antioxidants, vitamins A, B1, B3, B4, B6 and E, proteins, beta-carotene, minerals, omega-3 and omega-6, essential fat acids.

The unique intrinsic value of cannabis sativa seed oil is ideal for dehydrated, mature, irritated, tired skin as well as for fragile and brittle hair.

Key Ingredients

Cannabis Sativa Seed Oil

Loaded with plenty of vitamins, especially rich in vitamin E, minerals like magnesium, zinc, iron and calcium and antioxidants that have anti – inflammatory properties, making it useful in treating a variety of skin conditions.

Has a soothing effect. Acts as an emollient to smooth rough texture on the skin's surface and moisturizes it.

Aloe Barbadensis Extract

Aloe Barbadensis Extract is concentrated cocktail of vitamins and minerals with pronounced regenerating, therapeutic and nourishing qualities.

It contains 18 amino acids, which stimulate collagen synthesis, deliver oxygen to tissues, develop protecting skin surface barrier and prevent from water loss.

Recommended

For all skin type, especially sensitive skin.

SKIN CARE

BODY WASH
Shower Gel, Liquid Soap

MOISTURIZERS
Body Lotion, Hand Cream

HAIR CARE

Shampoo, Conditioner

Key Ingredients

Cannabis Sative Seed Oil

Cannabis provides hydration and shine, rebuilds damaged hair, provides elasticity and softness thanks to the vitamin E it contains. It also serves to nourish the scalp thanks to gamma linolenic acid, which is moisturizing and combats dryness and dandruff.

Panthenol

Panthenol forms a film of moisture on the hair strand, providing extra protection for hair. Panthenols thus have the ability to control the moisture content while increasing the hair's resistance to damage and dehydration. Thanks to its moisture retaining effect, Panthenol can also make hair shinier and counteract frizziness.

Recommended

Colored, damaged and dry hair.
